

TRADITION OF QUALITY

Wreath making has been a Belle Plaine Nursery tradition for over 139 years. Since those first years of wreath production, Belle Plaine greenery has generated a strong reputation for quality and assurance. We are pleased to emphasize our pride and enthusiasm with our Guarantee of Quality.

We guarantee that all of our greenery products are free from any defects arising during manufacturing. We ask that you notify us of any damages, flaws, shortages, or errors within one week of your delivery. We will then reship your order or credit your account.

Our enthusiasm for Christmas does not stop at our manufacturing floor. We want to assist you from the beginning to the end of your season. This not only includes information resources and sales tools, but also a top quality product and customer support.
